

Updated 5 Sept 2019

## Contact information

Department of Biological Sciences, Macquarie University, Eastern Road, North Ryde, NSW 2109, Australia

tel: (+61) 2 9850 1310 (work) (+61) 432 899 225 (mobile)

e-mail: [Andrew.Barron@mq.edu.au](mailto:Andrew.Barron@mq.edu.au)

I am an Australian Research Council Future Fellow, Associate Professor, and Deputy Head of Department with Macquarie University's Department of Biological Sciences. My research spans comparative neurobiology and behavioural ecology examining the mechanisms and evolution of behavioural systems, cognition and social behaviour.

## Employment

2015 - ongoing: Australian Research Council Future Fellow

2014 - ongoing: Associate Professor, Department of Biological Sciences at Macquarie University

2012 - ongoing: Deputy Head of Department, Department of Biological Sciences at Macquarie University

2007 - 2014: Senior Lecturer, Department of Biological Sciences at Macquarie University

2004 - 2007: Postdoctoral Fellow, Research School of Biological Sciences, Australian National University

2001 - 2004: Fulbright Postdoctoral Fellow, University of Illinois

1999 - 2001: Royal Society Postdoctoral fellow, University of Sydney

## Education

1995 - 1999 Department of Zoology, Cambridge University, PhD

1992 - 1995 Fitzwilliam College, Cambridge University, First Class Honours Degree in Natural Sciences

## Major grants

2017 **A.B. Barron**. An analysis of the distribution and degrees of intelligence across animal groups. Templeton World Charity Foundation TWCF0266

2015 K. Cheng, **A.B. Barron**, J. Zeil, A. Narendra, R. Wehner. Navigating brains: the neurobiology of spatial cognition. ARC Discovery Project Grant DP150101172

2014 **A.B. Barron**. Comprehending and modelling the workings of the animal brain. ARC Future Fellowship FT 140100452

2013 **A.B. Barron**. Integrative analyses of honey bee colony function and performance. Enterprise Partnership Scheme, United States Department of Agriculture

2012 R. Maleszka & **A.B. Barron**. Beyond the genome: unravelling the intricacies of epigenetic regulation using the honey bee model. ARC Discovery Project Grant DP120101803

2011 **A.B. Barron**. Understanding colony collapse: a social analysis of honey bee colony failure. Hermon Slade Foundation Project Grant

2010 R. Maleszka, J.L. Cornish & **A.B. Barron**. Molecular memory: how DNA methylation contributes to spatial memory. NHMRC Project Grant 585442

- 2010 **A.B. Barron**. The molecular and cellular basis the memory in the honey bee. Macquarie University Research Development Grant
- 2009 **A.B. Barron**, J.L. Cornish & R. Maleszka. Vulnerability to cocaine use: discovering common mechanisms conserved across animal phyla. ARC Discovery Project Grant DP0986021
- 2005 G.E. Robinson & **A.B. Barron**. Neuromodulation of reward-directed behaviour. NIH Cutting Edge Biological Research Award
- 2002 G.E. Robinson & **A.B. Barron**. Organisation of behavioural plasticity by neurochemicals. National Science Foundation Project Grant

### **Funded international collaborations in which I am a named C.I.**

- 2019 National Natural Science Program of China CI XiaoBo Wu Jiangxi Agricultural University
- 2019 ActiveAI - active learning and selective attention for rapid, robust and efficient AI Engineering and Physical Sciences Research Council International Centre to Centre Research Collaboration CI Andrew Philippides University of Sussex
- 2016 Brains on Board. Engineering and Physical Sciences Research Council. CI James Marshall University of Sheffield
- 2015 Analysing and modelling decision making in the honey bee brain. Royal Society International Exchanges Scheme. CI James Marshall University of Sheffield
- 2013 Allatostatin receptors and stress resilience in honey bees. ANR project ASTRAPIS. CI Jean Marc Devaud, Universitat Paul Sabbatier, Toulouse.
- 2012 En garde! The development of a stress response in bees and its impact on learning and memory. Royal Society for New Zealand Marsden Fund. CI Prof. Alison Mercer, Otago University

### **Awards & fellowships**

- 2017 Leverhulme Visiting Professorship, hosted by University of Sheffield
- 2017 Macquarie University Research Awards: Jim Piper Award for Excellence in Research Leadership, Highly Commended
- 2017 Macquarie University Faculty of Science and Engineering Excellence in Research Leadership Award
- 2015 Australian Museum Eureka Awards 2015 Finalist: Excellence in Research
- 2015 Macquarie University Research Awards 2015 Finalist: Excellence in Research – Secure Planet category
- 2014 Australian Research Council Future Fellowship.
- 2014 Macquarie University Research Awards 2014: Excellence in Research in Science and Engineering Highly Commended.
- 2012 Australian Award for University Teaching – Genes to Geoscience Research Enrichment Program.
- 2010 Young Tall Poppy Award, Australian Institute for Policy and Science, to recognise Australia's promising young scientists.
- 2010 Faculty of Science Teaching Award, Macquarie University.
- 2004 Human Frontier Science Program short-term research fellowship to fund a new collaboration with the University of Otago.
- 2003 Centre for Visual Science New Initiatives Fellowship to fund my first year at The Research School for Biological Sciences.
- 2001 Fulbright Distinguished Scholars Award, The Fulbright Commission. A highly competitive award that funded my first year of postdoctoral research at the University of Illinois.

- 2000 U2000 Research Fellowship, University of Sydney. A research fellowship won in competition across the University of Sydney.
- 1999 Postdoctoral Travelling Fellowship award from the Royal Society of London. A competitive award that supported my first year of study at The University of Sydney.

### **Organised symposia at international meetings**

- 2017 Knowing where you are going: comparative perspectives on a core problem. Australian Neuroscience Society, Sydney
- 2012 Signalling in insects and spiders; conflict and cooperation. Australian Entomological Society 43<sup>rd</sup> AGM and Scientific meeting Hobart Tasmania
- 2011 Small and large brains. Gordon Conference in Neuroethology Easton Mass. U.S.A.
- 2010 New insights into social evolution: Molecular and genomics approaches to comparative neuroethology. International Congress of the IUSSI, Copenhagen Denmark
- 2005 Perception, cognition and social behaviour. 3<sup>rd</sup> European Congress on Social Insects, St Petersburg, Russia.

### **Invited conference and workshop participation**

- 2019 Invited Speaker Jacobs Center Meeting on Cross Species Comparisons in the Study of Human Development
- 2019 Invited Speaker EG Conference Carmel by the Sea
- 2019 Keynote Speaker Neural Computation conference University of Nottingham "The Major Transitions in the Evolution of Cognition"
- 2018 Invited Speaker Minimal Cognition workshop, University of Wollongong "How Honeybees Think"
- 2018 Invited Speaker Sydney Beekeeper meeting "Studying the Honeybee Brain"
- 2018 Invited Speaker Science in the Blue Mountains "How Honeybees Think"
- 2018 Invited Speaker Biology and genomics of Social Insects Meeting, Cold Spring Harbour "How Instincts Evolve"
- 2018 Keynote Speaker Brains on Board Project Meeting University of Sussex "Insect Neuroethology: Future and Prospects"
- 2017 Invited speaker and panelist Animal Consciousness Conference, New York University
- 2017 Invited speaker Re-use and Evolvability Workshop, Australian National University
- 2017 Invited speaker Beecon, York University Toronto CA
- 2017 Invited speaker TEDx Fulbright Sydney: "Why I'm Building a Model of the Bee Brain"
- 2016 Invited speaker Azrieli Program in Brain, Mind and Consciousness, Canadian Institute for Advanced Research. Seattle USA
- 2016 Invited speaker Australasian Neuroscience Society Annual Scientific Meeting. Hobart Australia
- 2016 Invited speaker International Conference on Pollinator Biology, Health and Policy, Penn. State, USA
- 2016 Invited speaker International Congress of Neuroethology, Montevideo, Uruguay
- 2015 Invited speaker Invertebrates as Models of Cognition. CNS 2015 Workshop. Prague.
- 2014 Invited speaker Bee and Fly Neuroscience meeting Howard Hughes Medical Institute, Janelia Farm.
- 2014 Member of Program Committee 11<sup>th</sup> International Neuroethology Conference, Sapporo Japan.
- 2013-2014 Invited participant: working group. 'Towards a unified theory of animal decision making' NESCent, Duke University, Durham.

- 2013 Invited participant: working group. 'Inspiring smarter brain research in Australia' Theo Murphy High Fliers Think Tank, Australian Academy of Science, Melbourne University
- 2012 Invited participant and speaker 'Biogenic amines and the organisation of honey bee society' DFG Research Unit "Biogenic Amines in Insects" working group, Freie Universitat Berlin.
- 2012 Invited speaker 'Pheromonal Control' Australian Entomological Society 43<sup>rd</sup> AGM and Scientific meeting Hobart Tasmania
- 2011 Discussion leader Gordon Research Conference on Neuroethology, Easton MA
- 2010 Invited speaker. 'Pheromonal control of worker bee behaviour' International Congress of the IUSSI, Copenhagen Denmark
- 2008 Invited speaker 'Bees on crack' Gordon Research Conference on Genes and Behaviour, Barga Italy
- 2008 Discussion leader Gordon Research Conference on Neuroethology, Oxford
- 2008 Discussion leader and mentor Gordon-Keenan Postgraduate Seminar: Neuroethology 2050, Oxford

### **Honorary positions and appointments**

- 2018 Co-convenor DFG Binational Workshop on Insect Neuroethology Feb 27 – March 2
- 2017 Conference local organising committee member, International Congress of Neuroethology, Brisbane 2018
- 2016 Conference local organising committee member, Inter-University Neuroscience and Mental Health Conference, Macquarie University
- 2016 Conference co-Chair, Australasian Society for the Study of Animal Behaviour
- 2014 Conference Chair, Australasian Society for the Study of Animal Behaviour
- 2014 Invited Member of Program Committee International Society for Neuroethology Congress Sapporo 2014
- 2013 Invited participant ,Theo Murphy High Flyers Think Tank: Inspiring Smarter Brain Research in Australia
- 2013 – 2014 Invited Member, NESCent working group: Towards a Unified Theory of Animal Decision Making
- 2012 – 2014 President, Australasian Society for the Study of Animal Behaviour
- 2012 National Science Foundation Grants Review Panel Member: Behavioural Systems
- 2011 National Science Foundation Grants Review Panel Member: Animal Behaviour
- 2010 – 2012 Vice-President, Australasian Society for the Study of Animal Behaviour
- 2008 – 2010 Treasurer, Australasian Society for the Study of Animal Behaviour

### **Publications**

1. Colin, T., Lim, M. Y., Quarrell, S. R., Allen, G. R. & Barron, A. B. 2019a. Effects of thymol on European honey bee hygienic behaviour. *Apidologie*, 50, 141-152.
